Core Competencies

CMCG's network offers a comprehensive range of private and public security and criminal justice solutions for both juvenile and adult offenders. CMCG's core competencies include Recruiting and Retaining a diverse group of experienced subject matter experts, Diagnostic Information Gathering to identify operational deficiencies, Analytical and Conceptual thinking to find innovative and effective solutions. Design, Develop and Implement processes for continuous improvement. Produce Management Information Tools and Reports to improve operational performance and service delivery, and Results Driven to achieve customer's mission.

CMCG's business service offerings include:

- Policy and Procedure Development
- Manage and Operate Offender Residential Facilities
- Technical Assistance and Quality Assurance Monitoring
- Staff Development and Training
- Audits and Assessments
- Executive Recruiting and Training
- Offender Program Development
- Electronic Monitoring
- Secure and Protect Properties and People
- Correctional Food and Commissary Services

Differentiators

- We bring highly qualified correctional professionals who have broad-based experience, and the skills to help clients execute internal initiatives toward continual quality and facility improvement.
- We take a client first approach to provide the highest quality service and value to ensure the best return on investment.
- We have the technical expertise and innovative solutions to approach challenges our clients face, to help discover hidden opportunities for business improvements and growth.
- As a security provider we do much more than deter, detect and report. We take ownership of every customer, company and property.
- We are a results-oriented company that customizes our services to meet our customer's needs.
